नेसर्गिंग क्रिया की पूर्ति के लिए हमें जिस स्थान को दिन की शुरुवात में ही उपयोग करना होता है क्या हम उसे एक सुखद अनुभव में परिणित कर सकते हैं ?

॥ विद्यांजलि ॥

कर तो सकते हैं !!!!!!!!!!!!!

॥ विद्यांजलि ॥

लेकिन कर नहीं पाते  
ऐसा क्यों.....??!!!

हमने एक सर्वे किया जिससे हमें निम्न कारणों का पता चला:-

**No Time / समय की कमी**

**Weekend Activity /  
छुट्टी के दिन ही संभव है**

**It is a headache /  
बहुत बड़ा सर दर्द है**

**Cleaning workers are not  
available /  
सफाई कर्मचारी नहीं मिलते**

॥ विद्यांजलि ॥

**Potential risk to health /  
सफाई में उपयोग होने वाले केमिकल्स बहुत खतरनाक होते हैं**

So, now understand what is unpleasant in bathroom cleaner!!!!

॥ विद्यांजलि ॥

- Acidic Fumes
- Burning Eye sensations
- Skin Irritation
- Heaviness in lungs
- Headache / Migraine

And...

This is common in all the market products.... Does not matter how big or small is a company that manufacture these products.. or how great is the Brand Ambassador.....

# What if cleaning products are made by Aromatherapy Oils ?

॥ विद्यांजलि ॥

**YESSSSSS.....**

**If the cleaning products are made up of healthy ingredients.. like essential oils... then cleaning toilet or bathroom will be pleasant rather than a headache.**
